Almonte, Ontario K0A 1A0

**Re: Confirmation of Compliance with By-law No. 03-62 – Outdoor Illumination**

Please consider this letter as written confirmation that the preliminary site lighting plan submitted for the Site Plan Application of 4361 Appleton Side Road meets all requirements outlined in the Municipality of Mississippi Mills Site Outdoor Illumination By-law No. 03-62, which regulates outdoor illumination, controls light pollution, and ensures the conservation of the night sky within the Municipality of Mississippi Mills.

The lighting design adheres to all requirements of the by-law including the following highlighted items:

**1. Use of Full-Cut-Off Fixtures**

- The site lighting design carefully considers the importance of the night sky environment and all proposed luminaires are Full-Cut-Off fixtures as required under Section 2.2 of the by-law.

**2. Prevention of Light Trespass**

- The lighting plan ensures that illumination is contained within the property boundaries to avoid light trespass, in compliance with Section 2.5 of the by-law.

The submission includes detailed plans, fixture specifications, and photometric data further demonstrating full compliance with the by-law.

Sincerely,

Robin Daigle P.Eng
