**c) Chief Ron Gignac and Deputy Chief Michael Callahan, Belleville Police Service**

Chief Ron Gignac spoke about choosing what is important to a community and following it. He spoke about determining the standard you want, communicating it and then implementing it. What you say must be aligned with what you do.

Deputy Chief Callahan highlighted some matters of interest to the Belleville Police Service including:

- i. Contract Policing – a different way of hiring police officers. Look at performance standards. Modeled after the military. Offer 4 years, following by an additional 4 years. If not meeting the performance standards after 4 years, do not renew contract.
- ii. New Police Service Facility – a hybrid building which will provide an additional 32,000 square feet of space and which is expected to open in April-May 2020
- iii. Cop Shop Program – sponsored by local mall owners. It engages local youth 6-11 years. The local Dodge dealership offers 6 vehicles which pick up youth at school, takes them for a free lunch and offers \$250 in gift certificates for youth to shop at the mall
- iv. Civil Litigation Liaison Officer – started in Ottawa. Results in face to face discussions to settle pending lawsuits and results in significant cost savings
- v. Post-Traumatic Stress Disorder / Physical Injuries – partner with Wounded Warriors Canada. Municipal governments, police services, fire departments and ambulance participate in the program which provides national experts in the medical field which offers services to members and their spouses
- vi. Shared Services Opportunities with Other Departments – including training, education, shared emergency communication, etc.

After all questions had been addressed, Chairperson Fennell thanked Chief Gignac and Deputy Chief Callahan for their presentation.
